To Whom It May Concern,

As the person in charge of linguistic resources development and management here at the Seoul office of Lionbridge, the global leader in language services, I write to you today to recommend Chris Kim for your Korean-to-English translation and localization needs.

Mr. Kim began to work with us in early 2010 and has since consistently produced high quality work in video game and software localization projects for many of our core clients. He has contributed greatly to successful completion of critical projects and product launches and time and time again exhibited expert knowledge in a wide range of fields. In addition to his unsurpassed translation skills, Mr. Kim has also always been considerate of our schedules and delivery deadline needs and been very cooperative in this regard. We now count on Mr. Kim as our primary Korean-to-English translator/editor.

For these reasons, I wholeheartedly recommend Chris Kim to your organization. Thank you.

Sincerely,

Kim Sanghyuk, PMP
Vendor Manager - Korea
